## ALABASTINE!

THE ONLY DURABLE WALL FINISH.

Please Read the Following Testimonial as to its Merits:

SALT LAKE CITY, February 6th, 1886.

Messrs. Sears & Liddle:  
GENTLEMEN—It gives me pleasure to comment on the superior work we are now doing with the cement from Alabaster rock, called Alabastine. The effects produced by it are very brilliant in tinting, such as Calceining, Preserving, etc., and I do cordially recommend the article as being one of the best improvements ever offered to the trade or public.

I can always afford to guarantee my work done with this material, so that I am fully satisfied with it, and would recommend it to all fellow workmen.  
Respectfully,  
W. C. MORRIS,  
The Palace.
